SUBJECT: **Differentiated Instruction Two-Day Professional Learning Sessions**

The Exceptional Student Education Department through the Florida Inclusion Network is facilitating a series of a two-day workshops on Differentiated Instruction (see schedule below). These professional learning sessions are designed to enable teachers to successfully engage and instruct all students in diverse classroom settings. The sessions provide teachers with the strategies and lesson planning models that promote student achievement in all (K-12) classrooms.

Research suggests that when teachers learn "tier instruction" and effectively utilize research-based instructional strategies, student achievement rises.

Participants must attend both days of this training.
