TO: All Secondary Principals

FROM: Judith Klinek *JK*
Chief Academic Officer

SUBJECT: Career and Technical Education Month

The District's Career Education team invites all secondary schools to participate in the annual observance of Career and Technical Education (CTE) Awareness Month. The Association for Career and Technical Education (ACTE) declares the entire month of February dedicated to celebrating Career and Technical Education. Please consider displaying the following message on your school's marquee in February 2012:

**February is Career and Technical Education Month
"CTE: Careers Through Education"**

Many of the fastest growing occupations within the next decade will require the academic and technical knowledge and skills that students can gain from completing Career and Technical Education (CTE) Programs of Study. As an educational leader, you and your school are to be commended for offering rigorous learning experiences through CTE for your students, allowing them to graduate college and career ready.

On behalf of the Department of Choice and Career Options, we invite you to celebrate CTE Month throughout the District with us. We are committed to increasing public awareness and appreciation for CTE programs by honoring our local CTE teachers and students.
